

M 1943 Artillery Private shoulder straps, QUALITY REPRODUCTION.

Large size - 5.5" length 2.5" width - good for matching large-sized gymnasterkas. Apparently produced for movie studio use as the quality and style of manufacture is identical to modern Soviet boards. A very interesting hybrid for the serious board collector. Dark olive on red backing. Excellent unissued condition. Include a pair of original, 1940s vintage tin buttons painted green. (Reproduction tunic in photo not included, offered separately).
