

Prisoners of war are well fed! (Publication 649 Gg/111 43).

Russian prisoners of war line up like waiters at a four star hotel. German printed, Russian language surrender pass.

6" x 3 3/4". Very good to excellent condition. Printed on typical wartime paper that, while cheap, is not fragile and the printing on both sides is completely legible. We have a few, all are completely legible but have somewhat irregular margins.
