

Parachutist Badge, unmarked late war version in zinc.

Wreath measures 44.4 mm by 51.7 mm and twists very slightly to one side. The eagle is held solidly in place by the two domed rivets.

Very fine condition. While the silver finish to the wreath is gone, enough of the gilding on the diving eagle remains for this badge to still make a strong impression.

Item# 20250

**\$900.00**
