

Carte de visite of a Beautiful Young Woman.

Measures 2 1/2 " by 4 1/14". Fidelman studio in Lepel.

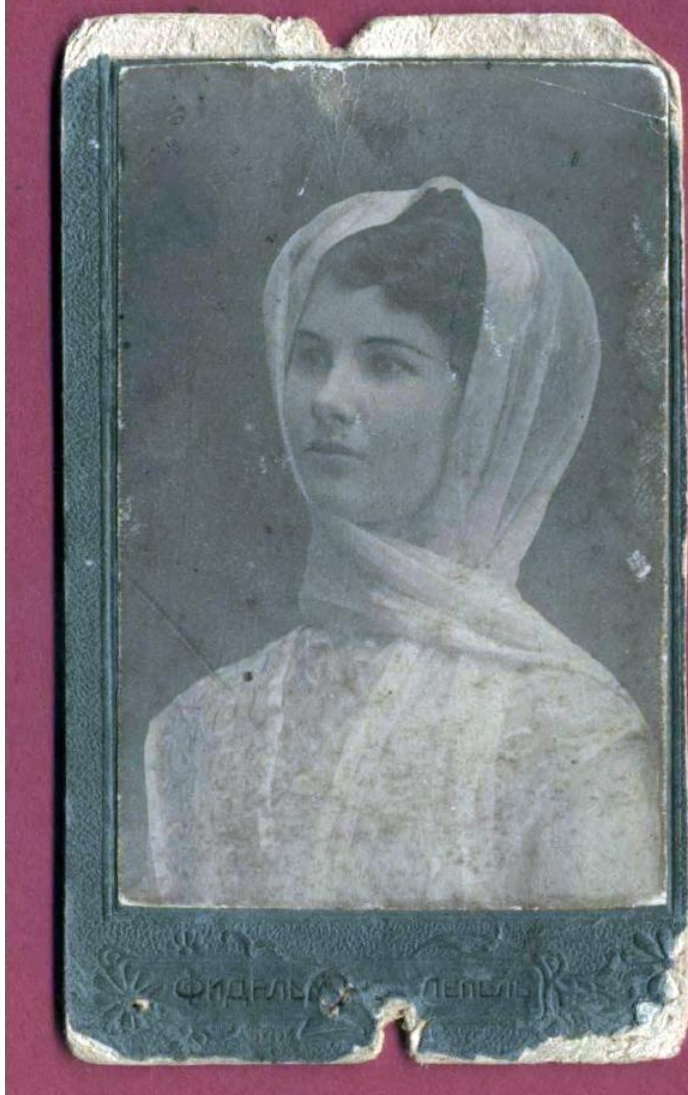

Fair condition. The photograph shows an enormous amount of wear. Obviously this woman's boy friend (or husband) carried this photo with him every day and on those days when he didn't carry it, he thumb tacked it to the nearest surface where he could easily see it. And why not? She is very attractive.

Lepel was the capital of Vitebsk province and is now located in Belarus.
