## Document for Military Academy graduation badge, issued on 30 May 1957 to Yuriy Maznik.

Shows that he graduated from the Kharkov Highest Air Force Engineering Academy on 26 May 1957. Date of issue makes it certain that Maznik received a "unified", M 1957 graduation badge in silver without the school designation (even though the document still shows the outline of the early style badge with the school plaque). Hand-signed by the school commander, a major general.

In good condition. Shows minor stains to the exterior pages and light wrinkles; clean interior pages.

## Item# 23139

## \$60.00
