

"Budyonny", Music by D Pokrass, Moscow, Russian text, 4pp, 1928.

March for piano music in two hands.

9 5/8" x 12 1/4". Contains two versions, one of medium complexity and an easy one, for beginners. Shows library stamps on the cover. Marked "Author's Publication". Nice constructivist design of the cover. Very good to excellent condition. One light horizontal fold.

A good framer could construct a frame for the cavalry-minded collector that would allow the cover to be displayed in a study or a music room.
