

## Moscow University 200th Anniversary badge, 1955.

Silver-plated brass, enamels. 44.1 x 20.6 mm. Two-piece construction, fine quality badge. The writing in the white border is "Moscow University", and in the blue plaque at the bottom "200th Anniversary". Shows superimposed main building of the University and the bust of one of its founders and namesake, Mikhail Lomonosov.

In very fine to excellent condition. The white enameled border has tiny surface flakes in the upper corners, not easily noticeable even under a 10x magnification. The enamel is perfect otherwise. The details and silver plating are pristine creating a full impression of a solid silver badge.

Awarded in 1955 to faculty, staff and possibly most distinguished alumni in commemoration of the anniversary of the school.
