

Moscow Construction Engineering Institute (MISI), graduate badge, circa 1970s.

Brass, enamels; 48.5 mm x 24.6 mm; riveted 2-piece construction (superimposed state emblem). Raised Leningrad Mint logo to the reverse.

In excellent condition. The enamel is perfect, and the gilt finish on the obverse is very nicely preserved. There is minimal of verdigris on the reverse, not damaging or detracting. The screw post is full or near full length, approx. 9.5 mm. Comes with original marked screw plate.

/"Avers 8", p. 561, fig. 2794/.
