

Document for a Liberation of Prague Medal, issued on 5 November 1965 to Aleksandr Tarasov.

Shows signature of the Military Commissar of the city of Pervouralsk and stamp of the commissariat.

In excellent condition. Shows a few tiny holes - probably from medal being attached to the document, as was customary. Perfect otherwise, very sound and clean, completely free of the usual finger prints and water stains. This document would be perfect to go with a relatively early Variation 3 "Voenkomat" medal.
