

University graduate badge, circa mid-1970s - 1980s.

Gilded brass, enamels; measures approx. 48 mm in height x 27.5 mm in width. Two-piece construction: the state emblem is a separate superimposed part. This version of the badge features a late style LMD logo of the Leningrad Mint on the reverse. The enamels and badge overall are of excellent quality, typical of the Soviet Mint production.

In excellent, near mint condition. The gilt finish and enamels are perfect. The emblem is tightly attached. The screw post is full length, nearly 9 mm long overall (measured from the reverse of the badge including the base.) Includes original screw plate marked "Leningrad Monetnyi Dvor" and comes in original issue / storage cardboard box complete with the wrapping paper.

Please note, we have several in stock; our photos show an example, but all are in the same, excellent condition.
