

Badge to a Defender of the Leningrad Sky, awarded to a veteran of the WW2 Air Defense of Leningrad, circa late 1970s - 1980s.

Aluminum, paint, lacquer; medallion is 38.9 mm tall (incl. eyelet), 38.6 mm wide. Attractive artwork showing searchlights piercing sky over the Cruiser Aurora and the Admiralty building with its distinctive spire. The reverse of the suspension has raised late-style logo of the Lenemalyer Factory in Leningrad. In excellent condition.
