

Soviet Merchant Fleet, Leningrad Steamship Company Award Pennant to the Best Auxiliary Services Worker, circa 1970s-80s.

Measures 13 3/4" x 8" at the top. Double-sided, in synthetic silk with stitched fringe. The logo of the steamship company is stitched at top center, with "Best Auxiliary Services Worker" stitched underneath.

In excellent superb condition. The silk has retained its original luster, the stitching of the logo, text and fringe is impeccable. The loops of the fringe look in different directions due to a long time in warehouse storage but that can be quickly and easily ironed out.

Please note that the pen in our photo is for size reference.
