

## Flag of a Naval Formation Commander, in wool bunting, dated 1991.

Measures 54" x 36" (4 ½ x 3 feet.) The canvas hoist sleeve has stamped GOST-81 manufacturing code, full name of the manufacturer (Vladimirskaia TGF), round factory quality control stamp, designation "Flag of KSK" (Naval Ship Formation Commander"), and a 1991 date of manufacture.

Very good condition. The colors are strong, not faded. The flag is almost completely free of the usual moth damage except for a few minor bites to the red field near its far side and a couple of tiny nips elsewhere, all of it almost unnoticeable considering the size of the flag. There is no active moth problem, but just to be sure of that, the flag has been treated in our deep freezer which we routinely use as a de-mothing precaution on our incoming wool items. The flag is very clean: it has only a few tiny spots that came from storage, but no stains, smudges, scuffs, tears, soiling or any other serious damage. Just a great piece through and through!

Item# 40231
