

## M 1907 NCO or officer cadet (Yunker) hat badge.

In tin metal with black and orange paint. Measures 40.5 x 29.4 mm and features beaded outer edge which indicates an NCO rank.

The badge is in fair to good condition. There is moderate amount of rust and pitting, mostly on the back, and a couple of tiny holes which are only noticeable if you hold the badge close to the eye against bright light. Much of the original paint is still present. The attachment prongs have been replaced but they will work just fine.

Please note that the penny in our photo is for size reference only.
