

Plasch-Palatka Rain Cape / Tent Sheet for enlisted man, dated 1985.

Large square piece of khaki canvas with a hood and single slit opening for a hand. Has toggle buttons for connecting together into a pup tent. Features metal grommets. The design and material are similar to that used during the war, a necessity for WW 2 reenactment. Shows the manufacturer's stamp of a factory in the Vologda Region of RSFSR with a clearly legible 1985 date and factory quality control stamp.

Excellent unissued condition. Shows only storage age; perfectly clean and free of stains, tears or other damage; it has almost none of the typical musty smell of a Soviet military warehouse.

Please note, other items shown in our photos (helmet, gimnasterka) are not included but may be available separately on our website.
