

Award Badge of Excellent Shock-Worker of the Chollima Movement, brass version, circa 1960s.

In brass and high quality "hot baked" enamels; the medallion measures 35.5 mm in height (incl. eyelet), 31.0 mm in width. The obverse features mythological horse Chollima (or Chkhollima). This version of the badge features counter-relief of the wreath and raised inscription along the entire edge on the reverse of the center medallion, no inscription on the reverse of the suspension device.

In excellent condition. The enamel is essentially perfect, having only some tiny contact marks and no significant wear, and showing an attractive luster. The raised details including the Chollima horseman are extremely well-preserved and crisp. Attractive dark bronze toning throughout, free of significant blemishes. The pin attachment is intact. A very uncommon and attractive early piece.
