

Killed In Action notice, showing name and rank of the soldier, date of death and place of burial.

Singe page document, front and back, mostly in two sizes, 6" x 6" and 6" x 8". Filled out by hand on special stationary of the Narkomat of Defense, this one-page letter was sent to the local military commissariat. The commissariat was then to notify the closest family member of the fallen serviceman, as shown in the document, nearly always his wife or mother.

A sad and important reminder of the cost of war.

No choice available, the document will be chosen at random from our available inventory. All are in very good to excellent condition. Translation of the soldier's name will be provided.

Please note that the medal in our photo is for size reference.
