

The Russian Civil War (II) White Armies Mikhail Kvostov, illustrated by Andrei Karachtchouk.

© 1997. Part of the Osprey Men-at-Arms series.

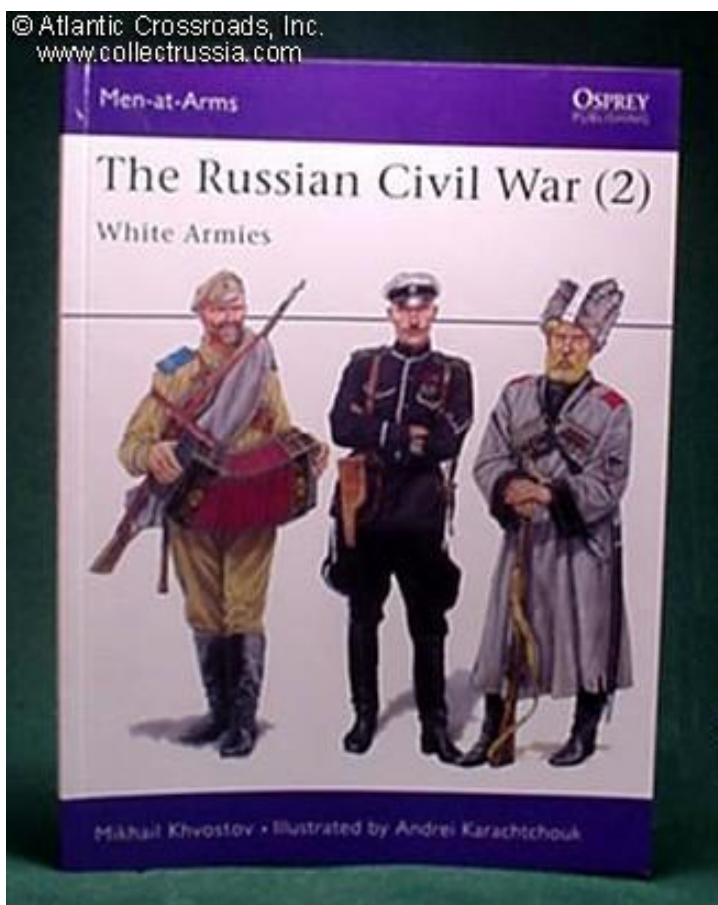

English text, 48 pages, illustrated with many period photos and a center section of color plates. The book covers many of the multitude of forces that opposed the Bolsheviks during the Civil War.

It shows uniforms of not only the mainland Russia's "White" movement but also of national and Western intervention armies and typical garb of local insurgents. Excellent, realistic color illustrations.

PLEASE SEE PART I on Red Army uniforms in section "BOOKS ON COLLECTIBLES of the USSR & SOVIET BLOC".
