

'Communism is the real enemy of your motherland! (Publication 506 Gg AN 59):.

'Bolsheviks always denied the notion of motherland - now they are using your love for Russia and call on you to take part in Patriotic War. Only by eradicating Bolshevism can you create free Russia'. German printed, Russian language surrender pass.

Very good to excellent condition. Printed on typical wartime paper that, while cheap, is not fragile and the printing on both sides is completely legible. We have a few.
