

Studio Photo of an Artillery NCO circa early 1900s in excellent condition, very elaborate verso.

Very sharp image provides excellent detail of the uniform and facial features. It appears that the sergeant is wearing the standard belt buckle for artillerymen.

The bottom of the backing carries the logo and address of the photo studio in gold lettering. The verso is in superb condition. It is covered with an elaborate lithographic floral design with the logo and awards won by the photographer, and lettering "Rinne's Photo Studio. Artful Magnification of Portraits. St. Petersburg, 35-2 Zabalkanskiy Proezd (across from Klinsky Proezd), Ligovo Station, Baltic Railroad, 29 Nikolaevskaya Street, 30 Raevskaya Street". At the bottom, the verso is stamped by its manufacturer: "J. Pokorny Factory, city of Libava".
