

Badge in Commemoration of the 30th Anniversary of a Pacific Fleet Naval Unit, circa 1981.

In brass and enamels, fine quality. Measures 38.2 x 32.6 mm. Attractive design incorporates Soviet naval flag, missile destroyer, outline of a snow-capped volcano (apparently Sakhalin island), and anchor. The date "1951" probably refers to the activation of the unit. Raised mint mark of the Leningrad Mint to the reverse. In excellent condition.
