

60th Anniversary of the Soviet Transport Police, commemorative award badge, 1975.

Aluminum, paint, lacquer. Relatively large badge, measuring 54.3 mm by 33.9 mm. The shield and sword design is typical of the Soviet law enforcement agencies.

Very fine to excellent condition; shows couple of pinhead size chips to the red paint, not too detractive; perfect otherwise.

/Rogov, "History of Awards and Insignia of Russian MVD" p 171, fig. 3.1.11/
