

Order of Kutuzov, 1st cl, expertly made REPRODUCTION.

In base metal with "cold" enamel. The massive badge is three- piece, riveted construction - just like the original. Measures approx. 47 wide x 49 mm tall. The bas-relief of Kutuzov is beautifully detailed; both the lower star and the bust have correct gold tone.

The reverse of the badge shows convincing "mint mark" and individually engraved serial number (it may differ from the example shown in our photo).
