

Order of Kutuzov, 3rd cl, expertly made REPRODUCTION.

In base medal with attractive silver tone. Measures approx. 44 mm tall, 42.5 mm wide. Very realistic details of the bas-relief are better than most other copies of this order we've handled. "Mint mark" and individually engraved serial number on the reverse closely imitates the style of the original (please note, the number may differ from the example in our photo).

This copy will look extremely convincing on a uniform or in a display case, although it is not made to deceive and will not pass a close examination by an educated collector.
