

Badge for Excellence in Military Construction, circa 1970s- 80s.

Brass gilt, enamels; measures approx. 33 mm in height x 21 mm in width. This is a well-made piece, uncommon for a relatively late issue Soviet badge.

In excellent, near mint condition. Shows storage age only; the enamels and gilt finish are pristine. The screw post is full length and includes original screw plate with Pobeda Factory logo.

Please note, our photos show an example. If you order, we will send you a badge of the same vintage and in exactly the same near mint condition as the one shown in the photo.
