

Award Document for an Excellent Border Guard, 1st class badge, issued to Iosif Idis, 1970s-80s.

Judging by his name, the recipient was of Jewish ethnicity. The document shows facsimile signature of a deputy commander of the Border Guard Troops of the USSR. The unit stamp is very faint and unfortunately illegible.

The document is in excellent condition. Shows only minor wear and wrinkles at the corners, no tears or stains. Certificates for this badge are far less common than the badge itself.
