

Excellent Sniper badge, REPRODUCTION.

Brass, enamels; 46 x 37 mm. An impressive looking copy of the original, with impressive quality of enamel (both the "hot baked" red and white enamel in the center of the badge, and "cold" enamel in the lower part of the shield), and authentic- looking "patina" to the brass. Screw plate is also a very exact replica with "NKPS" markings.

Item# 33730
