SVD Dragunov sniper rifle canvas cover, dated 1971.

Canvas and leather with steel fittings. About 46" lengthwise, 54" folded. The stamp mark of Karl Marx factory on inside of the flap shows the 1971 date of manufacture. No other markings.

Very good to excellent condition. Unissued but shows a few light discoloration and rust stains from storage. The two external steel loops for inserting an over the shoulder strap show a tiny bit of rust. There is no shoulder strap present. The leather is mint, still nice and supple. The belt loop on the fold over strap provides a very snug fit; it will require a little attention to loosen it up for faster access.

Item# 34332

\$55.00
