

Honorary Medal of Labor, Type 3, #18672, circa early 1970s.

Silver, enamels; 36.0 mm wide. Cyrillic writing in two horizontal lines in the center, and one line along the top edge. Features stamped rather than hand-engraved serial number.

In outstanding, excellent condition. The enamel and raised details are perfect. Very attractive dark patina to both sides of the medal and suspension. The suspension is original and includes original screw plate and very attractive old ribbon. The connecting link appears to be original and its ends are still joined with solder.
