

Badge in Commemoration of the 25th Anniversary of the Bulgan Province, circa 1960s.

In brass and enamel, measures 26.4 mm in height x 17.5 mm in width. This fine quality badge is in shape of the geographic map of the province. Excellent condition.

Bulgan is located in northeastern part of Mongolia bordering Russia to its north. Its northern regions are covered with alpine forests while the southern part is among the only arable areas of Mongolia, thanks to the Orhon and Selenge Rivers that flow through it.
