

Parachutist-Instructor badge, 100 jumps, 1968 type, circa late 1960s - early 70s issue.

Brass, enamels; 56.7 mm tall (not including the pendant), 26.2 mm wide. The numeral "100" and the airplane are separate parts held by wires. This is a distinctively early airborne badge, with nicer details and better overall quality than the later issues. There is a raised early- style logo of the Pobeda Factory on the reverse under the lower wires.

In excellent condition. The enamel is perfectly preserved (slight discoloration of the white enamel at the top of the badge is a manufacturing flaw, not a result of wear or repair). Includes original screw plate marked "Pobeda Factory, Moscow".
