

Patches and Chevrons of the Russian Law Enforcement Agencies, 1998.

A detailed guide to the cloth sleeve insignia of modern Russian forces. This is a second of the two books on Russian sleeve emblems and the 4th book of the "Chevron" series. English and Russian text. Softcover 48 pages. This is an authoritative guide to wide array of sleeve patches now being worn by the Russian law enforcement including border guards, Police, MVD Internal Army etc.

Well over 300 specimens shown in detailed black and white illustrations. The captions are in Russian and English (translation is not always perfect but easy to understand) and identify the unit represented by the insignia. This is an excellent guide to this new and growing collector field.

In very fine condition, with visible shelf wear to the cover. The internal pages are clean and crisp.
