

Medal of a Laureate of the "Young Voices" Arts Festival of Ukrainian SSR, circa 1970s-80s.

In silver-plated brass and "cold" enamels; medallion measures 34.2 mm tall (incl. eyelet), 30.5 mm wide. Very well-made, massive piece. The obverse shows flag of Soviet Ukraine and inscription in Ukrainian language "Festival of Arts 'Young Voices'". The reverse has attractive artwork and the word "Laureate". The suspension has a cloth ribbon representing the national flag of Ukrainian SSR. The reverse of the suspension shows logo of the Kiev Jewelry Factory.

In excellent condition. There is a small imperfection to the top section of the flag which is apparently a manufacturing flaw, not a result of wear. The silver finish is bright with attractive mild patina.
