

Mongolia, Badge in Commemoration of the 20th Anniversary of Victory at Khalkhin-Gol, 1959 issue.

Brass gilt, enamels. Medallion measures 35.3 mm in height incl. eyelet, 31.5 mm in width; overall weight with suspension is 16.3 g.

In excellent condition. The enamels are essentially perfect: there are some occasional tiny scratches and miniscule contact marks but no flakes or chips (some of what may appear as damage in the photos are the typical manufacturing imperfections). The original gilt finish is fully present and bright on both the obverse and reverse - a very uncommon case! The pin attachment of the suspension is intact and fully functional.

For reasons not yet understood, the Badge for 20th Anniversary of Khalkhin-Gol is by far the most scarce of all Mongolian anniversary awards.

/A. Battushig, Mongolian Orders, Medals & Badges, p. 71, fig. A60/.
