

Award Certificate for a VDV Airborne Forces Veteran Badge, issued on 5 May 1973 to Gennadiy Poklonov.

A soft booklet with gold inscription "Veteran of Airborne Forces" and Soviet VDV emblem on the cover. The first internal page shows an image of the badge in color. The typographically printed entry states "Commander of the Airborne Forces, General of the Army V. F. Margelov", but the document was actually signed by Margelov's deputy (the name is unclear.)

The document is in excellent condition.

This scarce certificate is found far less frequently than the badge itself - which is also not very common.
