

Konakovo Faience Factory, a commemorative catalog of contemporary utilitarian items as well as objects d'art.

Measures 8 3/4" x 6", 160 pp. Hardcover with high-gloss paper covering. Russian text. Printed on high quality matte paper, published by the Kalinin Polygraphy Publishers of Children's Literature. Circulation 5,000 copies.

The catalog is prefaced by a one-page essay on the subject of faience and majolica and the differences between the two techniques. The catalog proper consists entirely of color photos of the objects in production and their specific information. Its purpose does not appear to be the sale of these objects as no prices are listed.

In superb condition. There is no visible wear to the cover and the internal pages are pristine.
