

Document for a Liberation of Prague Medal, issued on 24 December 1945 to Lieutenant Colonel Vladimir Mudrikov.

Hand-signed by Lieutenant General Galadzhev, Chief of Political Department of the Central Group of Soviet Troops, and shows an ink stamp of the department.

In very good condition. Both the cover and interior pages are very clean. There is a single horizontal fold from storage, but the document remains perfectly sound and free of tears or other significant wear.

In addition to being signed by a very high-ranking general, the document also has an uncommonly early issue date. It would go nicely with a Variation 1 Liberation of Prague medal.
