

Lenin's statuette in Silumin alloy, by sculptor A Murzin, circa 1970s.

Medium size, approx. 9" tall, 4" x 3 1/4" at the base, perfect for bookshelf display. Rather massive for its size, weighs nearly 3 1/2 lbs. The name of the sculptor is on the right side of the podium, on the back. Lenin is presented standing at a podium, with a confident mien, as if challenging the Mensheviks to oppose him.

In excellent, outstanding condition. There are no dents, dings or scratches anywhere, just a tiny scuff on the back of his left shoulder, not easy to notice if you don't know about it. The surface is completely free of tarnish or oxidation spots.

Please note that the medal in our last photo is for size reference only and is not part of the sale.
