Parachutist-Instructor badge, 200 jumps, 1968 type, circa late 1960s - early 70s issue.

Brass, enamels; 56.7 mm tall (not including the pendant), 26.1 mm wide. The numeral "200" and the airplane are separate parts held by wires. This is a distinctively early airborne badge, with nicer details and better overall quality than the later issues.

In very fine condition. There is an enamel repair in a small area to the right of the numeral "200", almost unnoticeable. The enamel is otherwise perfect. The screw post is of full length and includes an original screw plate maker-marked "Pobeda Factory, Moscow".
