

Zvaigzne (Star) Literary-Artistic Twice-Monthly Magazine, Latvian SSR, #19, 1 October 1951.

Measures approx. 10" x 13", printed on high-quality coated paper, 32 pp. excluding the covers. Heavily illustrated with b/w and color photos, and drawings. Circulation unknown.

In very good condition. The covers show mild fraying to the spine, corners and edges, the front cover has three small faint stains, unfortunate but not too intrusive to the eye. The binding staples are tight and strong; the internal pages are intact and mostly clean. The illustrations are not faded, the text is crisp and perfectly legible.

The issue touts the achievements of Soviet Latvian industry and agriculture, and emphasizes it all by a large two-page article about the horrors the American people have to endure from the Ku-Klux-Klan and Gestapo-style activity of the FBI under Edgar Hoover.
