

Riga Civil Aviation Technical Flight School (College), graduate badge, Latvian SSR, circa 1970s.

Brass, "cold" enamels; 51.5 x 30.0 mm. Near the bottom is the Cyrillic acronym of the school РЛТУ ГА ("RLTU GA").

Very fine condition. There is a relatively small chip to the white enameled border at the right corner and a tiny chip to the azure enamel in the same area; beside that, there are only a few minuscule contact marks that are practically unnoticeable to the naked eye. The screw post is full length, 8.5 mm. The screw plate is not original to the badge but is of the period and fits well.
