

Portrait of Stalin, Airbrush on Canvas, circa late 1930s - early 1940s.

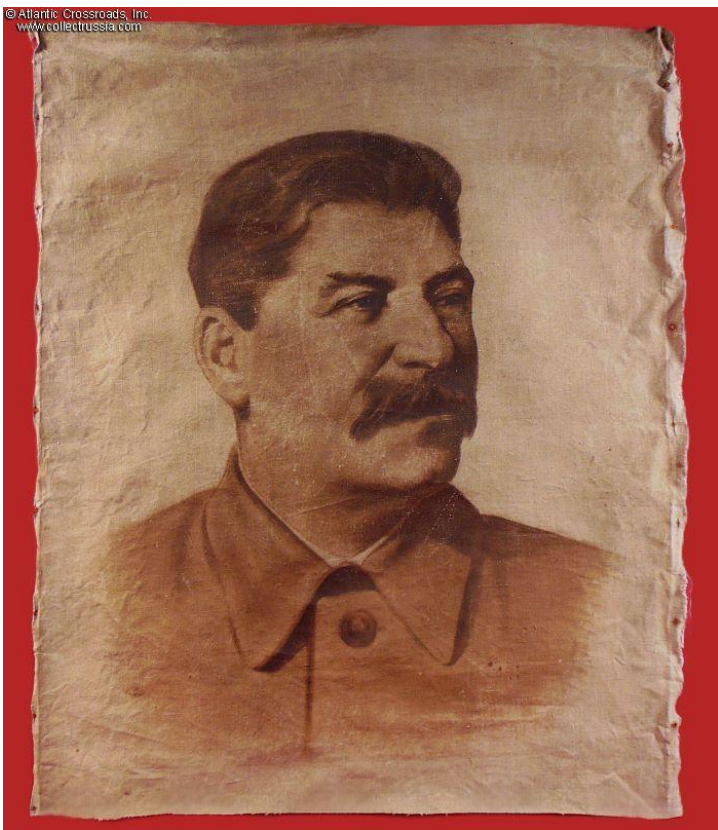

Large size, measures 27" x 34", airbrushed on canvas using sepia-toned gouache. This is one of the state-approved images of Stalin hand-painted by a professional and obviously talented artist.

In very good to excellent condition. The artwork shows minimal loss of paint, not too obvious and adding character and an air of age and authenticity, further enhanced by the sepia tone of the paint. The margins show that the painting used to be framed and can be re-framed using the same margins. The bottom margin has been cut off but there is plenty of room to use for framing without imposing on the image. The reverse is unmarked and mostly clean.

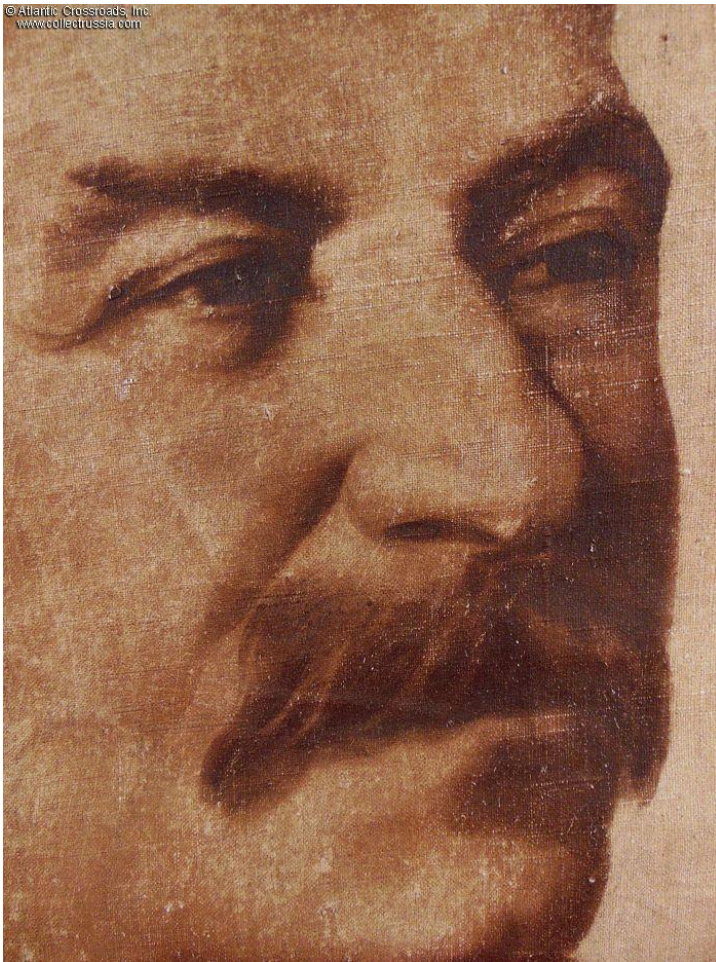

Please note that the 1-ft. ruler in our photo is for size reference.
